

Product Overview

The LARC-CLEAR Over the Spectacle Safety Eyewear is a single-lens safety over-spectacle engineered for maximum eye protection in demanding industrial environments. Featuring a full wrap-around polycarbonate lens with integral ventilated side shields, it provides reliable protection against impacts, dust, and harmful ultraviolet radiation while allowing comfortable use over prescription glasses. Anti-scratch and anti-fog coatings maintain lens clarity and durability, while the lightweight design ensures comfortable all-day wear.

Certifications & Norms

EN 166
ANSI Z87.1

Features

Side Shield

Clear Vision

Eye Protection

Comfortable Wear

- Agriculture / Green Areas
- Construction
- Mechanical Processing
- Facility Maintenance
- Oil & Gas

Technical Details

Product Description	Single-lens wrap-around over-spectacle designed to be worn over prescription glasses, providing full eye coverage with ventilated side shields for impact protection and airflow in industrial environments.
Material Composition	Lens Material: Polycarbonate, Temple Material: Polycarbonate
Weight (g / lbs)	50 g
Color / Available Colors	Clear
High-Visibility / Reflective Details	N/A
Size Range & Adjustment	One Size Fits All
Airflow / Ventilation Features	Integral ventilated side shields for improved airflow
Fastening / Closure System	N/A
Accessory & Attachment Compatibility	Designed to fit over prescription eyewear
Performance & Protection Rating	Optical Class 1 UV400 rated lens Impact resistant polycarbonate construction
Water / Weather Resistance	N/A
User Comfort Features	Lightweight frame with soft temple tips for comfortable long-term wear
Usage Lifespan	N/A
Manufacturing Lifespan	N/A
Cleaning, Care & Storage	Clean with mild soap and water, dry with soft cloth, store in a clean dry place away from direct sunlight
Custom Branding Options	N/A
Packaging	N/A
Country of Origin	N/A
